

# Local and organic baskets from Le Haricot Magique

Pilot project with  
the INRS community

Summer 2023

## FOREWORD

---

Dear INRS community,

In collaboration with your institution's Green Committee, we're launching official registrations for Le Haricot Magique's pilot project of local and organic fruit and vegetable baskets for Summer 2023.

Located in the heart of the Saint-Roch district for the past five years, Le Haricot Magique, a solidarity cooperative, is a grocery store that promotes eco-responsibility, local economy and healthy, balanced eating.

By subscribing to Le Haricot Magique's weekly baskets, **you're supporting a social economy enterprise** that's working to create a vibrant, committed community in the heart of the Saint-Roch district. Supporting Le Haricot Magique also means supporting local agriculture and promoting cooperation.

If you're curious and would like to get to know us better, here's a [short video \(3min\)](#) introducing Le Haricot Magique and its mission. This video was produced by the Quebec government as part of Social Economy Month (Nov 2022).

If you like the subject, here's [another video \(3min\)](#) that brilliantly explains the concept of the social economy. This video was produced by the Centre de la francophonie des Amériques.

## ADDITIONAL NOTES ABOUT OPERATIONS

- On pick-up days, if you come to pick up only your basket and any extras already paid for, **you won't need to queue at the cashier**; a staff member accompanied by a volunteer will be assigned solely to managing the baskets.
- If you **return returnable jars**, they will be deducted from your next bill.
- It's important **to take your reusable grocery bags** with you to bring back the contents of your basket.
- If, instead of pre-ordering your additional products, you complete your self-service basket (with your own containers or with the donation containers available on site), you will benefit from a **10% discount** on all your dry bulk purchases! 😊
